Address of the property:

Is this a primary residence, second home or an investment property?

What is the reason you are seeking design assistance?

How did you hear about us?

What is your goal for the property?

What changes are you looking to make to the home (full renovation/moving rooms and walls, kitchen renovation, light renovation, paint and décor only or just décor)?

How long have you lived in the property? (if you are currently in escrow, when is your scheduled closing date?):

What specifically would you like help with?

Do you have any children or pets to plan for in the design?

Does anyone living in the home have any health-issue or disability that should be considered in the design?

When would you like your room to be complete? (ASAP, soon-ish or No Rush):

Have you established a budget for the renovation or design?

Do you have a floor plan of your home? If not, are you comfortable measuring the space to create one (for virtual design clients only):

Do you have items you currently own that need to be incorporated into the design for this room (you may answer yes or now for now; if yes, we will go into detail about these items at a later date):

Would you like to integrate feng shui principles into the design/ layout?

Anything else you would like to mention about the home?

Visualization exercise: Please describe what it *feels* like and *looks* like in your space after it has been completed. Go into detail about what you love about the space and what activities you see yourself doing in it.

Thank you!
